

Why I want to do my very best at school

So you've just watched our *Motivation* video, and you're thinking of all the reasons why you want to do well at school!

What to do next!

Now we want you to **write down all the reasons you can think of (but AT LEAST 7) for WHY you want to do well at school.**

When you're not feeling that good about school or studying, what's going to help you feel motivated again?!

Ideas!

Remember the things we talked about? Getting into your College of choice, pursuing the career YOU want to do, feeling fulfilled, earning good money, etc.

What else can you think of?

1 Rule!

The only rule is **you have to make the reasons personal to YOU.**

For example, if there is a certain College/University you really want to get into, write down something like "I'm going to go to [ABC University] and study [nuclear physics]".
